### **Personal Information**

I was raised in the central San Joaquin Valley of California in a small agricultural community called Porterville. After graduating from Porterville High School I attended the College of Sequoias and played football on a nationally ranked junior college team. From Sequoias I transferred to Cal Poly in San Luis Obispo and was a two year starter at quarterback for the Mustangs. I received a bachelor's degree from Cal Poly with a major in History and a minor in Political Science and also a Secondary teaching certificate. During my senior year I started learning to snow ski and found that sport to be my passion. While teaching and coaching at the high school level in the Los Angeles area I continued to ski as much as possible and finally relocated first to Aspen, Colorado and then Squaw Valley, California to work in the Ski Resort Industry. Moving to the Northwest I entered graduate school at the University of Oregon and received a doctorate in Physical Education. That degree brought me to Gonzaga and here I've been since. The weather in Spokane is wonderful to me because it allows plenty of skiing in the winter and golf in the summer. Two activities that allow my daughter, Alec, and I to "play" together.
